BoostCharge Power Bank 10K* with Display

Charge up to 20 watts with our lightweight 10K power bank. The 10K capacity ensures your devices stay powered throughout the day. It features two USB-C ports, allowing you to charge multiple devices simultaneously. The power bank can deliver a maximum power of 20 watts when a single port is in use, and a total of 15 watts when both ports are being used. Pass-through charging allows you to charge your devices while the power bank itself is being charged. A convenient digital screen indicates the battery level.
