

# Creative Live! Cam Sync V3

## 2K QHD Webcam with 4X Digital Zoom and Built-in Mics

Be ready in an instant and be seen at your best in full HD clarity! Creative Live! Cam Sync V3 is a plug-and-play 2K QHD webcam that delivers remarkably detailed and smooth visuals. With 4X digital zoom, you will be able to select from a variety of zoom ranges that are best cropped for your needs and environment.

Show a lot of your background by choosing an optimally-spaced zoom range that fits a group of 4 or capture only yourself with a perfectly-framed head-to-shoulder view for one-on-one calls. This webcam comes with dual omnidirectional mics, and is ideal for any setups, be it for web conference, an online interview, or just catching up with loved ones.

Simply plug it in and be ready to connect!

**2K QHD WEBCAM THAT WORKS WITH ANY PLATFORMS** - Capable of delivering 2K QHD resolution at 2560 x 1440 @ 30 fps\*, Creative Live! Cam Sync V3 gives remarkably detailed and smooth visuals, displaying you in full clarity. It's UVC compliant, which means it requires no additional driver installation, and is compatible with PC, Mac, and most popular conference apps like Zoom, Skype, WebEx, and Teams.

**4X DIGITAL ZOOM, FROM CLOSE UPS TO WHITEBOARD PRESENTATIONS** - Go from an optimally spaced zoom range that fits 3-4 pax in a group presentation (by default), to perfectly framed head-to-shoulder view (2X zoom) with optimal eye contact, to super zoomed close ups (4X zoom) for when you need to demonstrate a small object to others in the call. Enhance your on-screen clarity and details by accessing 2K (2560 x 1440) screen when you are on 1X zoom via a third-party app

**DUAL BUILT-IN MICS WITH SMART COMMS FEATURES** - With two built-in omnidirectional digital microphones, your voice gets picked up clearly and accurately, and you will come off sounding natural and realistic; almost as natural as talking face-to-face. It also comes with our SmartComms Kit, a suite of smart communication features, including NoiseClean-out that removes unwanted background noise, via the downloadable Creative app for Windows

**PRIVACY-PROTECTION LENS CAP** - Whether it's an emergency or just for privacy after use, the integrated lens cover provides protection from unwanted access to your webcam via spyware, so you can feel safe about leaving your camera connected. It also prevents dust from accumulating around the lens edge, keeping it clean for crisp visual clarity

**ADJUST AT WILL WITH 360° ROTATION AND 30° TILT** - The webcam comes with a cable length of 1.8m (5.9 ft) and a universal mounting clip that allows it to be attached firmly on any laptop, desktop monitors, or even tripods (not included). It is also fully adjustable with 360° horizontal rotation and 30° tilt, so you can find the best angle according to your needs and look perfect all the time

\*A separate third-party application is required
